- Due by midnight*

For Nearpod lessons:

- Go to join.nearpod.com **OR** download the Nearpod app
- Enter the code that is given for the lesson and then your name (no nicknames please)
- These are self-paced lessons. Read all directions. When it says "draw it" you should fill in your answer before moving on to the next slide. You will see tools to write/type. For these types of questions, the answers will come next so you should go back and check your work and revise it if necessary. There are also "quiz" questions to check your understanding throughout the lesson. I will be able to see all of your individual work/slides/answers when they are submitted. Think of this as guided notes like we take in class.

*All due dates are flexible and more of a guide to keep you on pace.
